BEST MATES TERMS AND CONDITIONS

A guide to your Best Mate's Annual Membership

The Best Mates Program is an Apiam Animal Health Fur Life Vet initiative which offers an annual membership to participating clients. The annual membership provides access to select veterinary services provided by Apiam Animal Health participating Veterinary Clinics. Services do not include veterinary services not provided by Apiam Animal Health participating Veterinary clinics unless specified. Membership is limited to one (1) nominated Companion Animal, defined as a domesticated canine or feline per annual membership. Separate memberships must be purchased for each additional Companion Animal owned by a participating client ('member') should they wish that animal to receive the same membership benefits. Additional animal membership is at a reduced rate to the first enrolled animal.

Membership fees

Apiam Animal Health Fur Life Vet Best Mates Membership fees are as follows:

- **First pet \$525 per year**
- **Additional pets \$465 per pet per year**

Payment must be received in full for membership to commence.

The annual membership fee will be reviewed on 1 August of each year. Members will be advised of any change in the membership fee and subsequent changes will apply from the anniversary of the commencement of membership where a member chooses to renew their membership.

Membership is on an annual basis commencing from the date of subscription. A renewal notice will be sent to each member at least one (1) month prior to expiry of the annual membership.

Where a member animal dies members may request a refund of membership fees by written notification to the Apiam Animal Health Fur Life Vet Veterinary Clinic where the membership was purchased. In such circumstances members will be entitled to a reimbursement of the difference between the normal value of the goods and services obtained through the Best Mates Program and the total of the annual membership payment.

Membership may be transferred with the animal in circumstances where the animal has been sold and the new owner agrees to the terms of the membership. In such circumstances a refund as described above cannot be provided to the new member/owner if the animal dies.

Membership benefits are valid at all participating Apiam Animal Health Fur Life Vet clinics throughout Australia and where the participating clinic normally provides or retails the products or services listed.

Best Mates Membership Entitles Members to the following services and benefits:

Unlimited FREE Consultations.

Free consultations apply to standard consultations. All consultations will require an appointment and are to be scheduled during normal clinic hours. The unlimited free consultations are not eligible during public holidays, after the clinics normal operating hours, house calls, veterinary specialist or behavioural consultations. In hospital exams during periods of hospitalisation are excluded.

FREE Vaccinations

Vaccinations included are the entire course of Annual vaccinations that would normally be prescribed for your pet during their active membership. The vaccinations prescribed are to be determined by the Apiam Animal Health veterinarian according to the age, health, and vaccination history of the member pet and recognised vaccination protocols. Vaccinations that may be prescribed as part of this program provide protection against the following diseases:

Canine: distemper, hepatitis, parvovirus, parainfluenza and bordetella bronchiseptica.

Feline: Feline Immunodeficiency virus, Feline enteritis, Panleukopaenia, Herpesvirus, Calicivirus and Chlamydia.

Rabies vaccination is excluded.

FREE Microchip (one)

Member pets are entitled to one FREE microchip if they have not previously been microchipped.

FREE 10 Point Blood Health Screen & SDMA Test

Included in the blood test is the IDEXX Chem 10 and the SDMA kidney function test. Membership provides for one test during the membership period.

FREE Dental or FREE Desexing

Membership provides for either one FREE dental scale and polish performed by a veterinarian or a FREE standard desexing and not both in the same membership year. Normal surcharges will apply where the animal is presented as overweight, in season, with retained testicles or pregnant. Surcharges will attract a 10% discount.
